Water Innovations by COLSTON

We have been offering highly innovative designs and technologies in the bathroom segment since 2006-07. Colston is a leading premium Wellness and Bathing brand in India, combining visionary design with exceptional comfort with manufacturing based in New Delhi, India. Colston continues to drive excellence in the bathware industry, setting new benchmarks in quality and innovation. Our journey began with a passion to revolutionize the traditional bathroom experience, blending cutting-edge design with advanced technology. Since our inception, Colston has been committed to delivering unparalleled bathroom solutions that elevate luxury and functionality to new heights. We are proud to be recognized as a trendsetter in the industry, offering a wide range of products that are as innovative as they are aesthetically pleasing.

Collection

We are passionate about designing bathroom solutions that meet the demands of modern projects - blending functionality with contemporary style.

Every product is thoughtfully crafted for reliable performance and effortless integration into any space. From efficient showers to smart fittings, our collection supports a wide range of project needs.

With a focus on quality, durability, and timeless design, we offer solutions built to last.

Because we believe every bathroom project deserves to balance functionality with lasting inspiration.

The Luxury of selecting
the desired finish

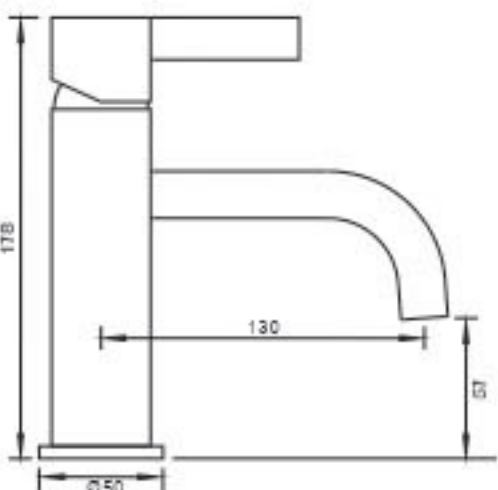

Finishes stirs the emotions... in order to bring the finish to New HUBB series, Colston relies on the long-standing experience of International designers. The experience is visible in every line, details and proportion. It is an object full of character, carefully designed in all its details in order to skilfully combine aesthetics and functionality.

MUSTANG TORNADO

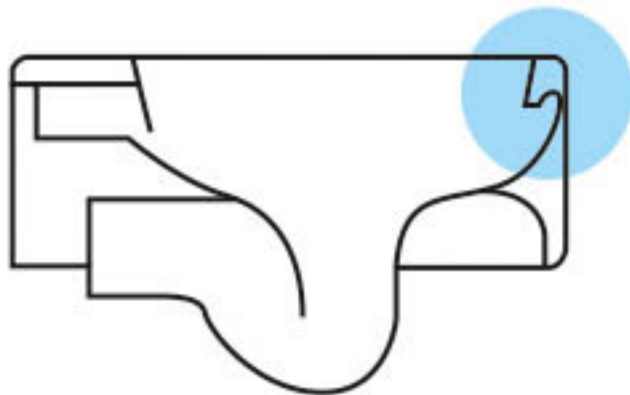

Discover the best bathroom with our new launch Mustang Tornado collection which can be suitable for any modern, minimal, large, or small bathroom, launch in five different shades- White, Black, Gray, Dark Green and Beige.

Rim-Free System

Rim-Free an innovative technology has been improved specially for perfect hygiene and easy cleaning of the toilet, with water saving. The removal of the rim ensure uniform distribution of water across the entire surface. Moreover, the system increases the pan's performances, considerably improving the appearance as well.

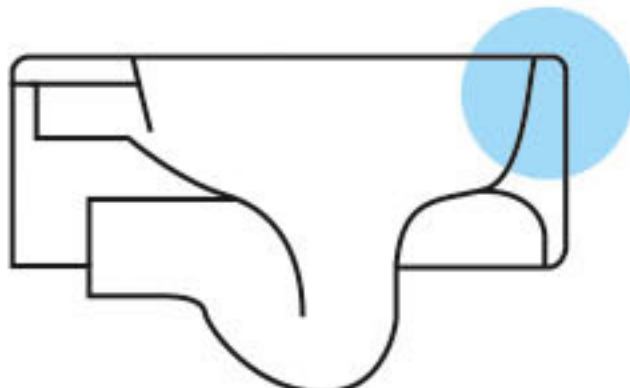

Standard System

Rim traps germs & bacteria.

Rim-Free System

No hard to reach surfaces.

Detachable Cover

Thanks to the innovative quick-release hinges, the toilet seat can be removed easily and quickly from the pan. Which allow a deep cleaning and maintain maximum hygiene.

Soft Close Seat Cover

Soft close toilet seats are almost impossible to slam and won't cause a loud clatter. Compared to noisy traditional toilet seats, a soft close seat creates almost no noise, you can enjoy the peace and pleasure. Making it a great choice to ensure calmness in your bathroom.
